

RR DONNELLEY

LTL SERVICES WITH VISION

Technology-backed tools that let you focus on Less-Than-Truckload choices and savings

Easy access to multiple LTL options with innovative technology and a vast carrier network from RR Donnelley's DLS Worldwide.

EASY-TO-REACH SOLUTIONS

Visibility through technology

RR Donnelley's DLS Worldwide gives you access to innovative technology that gives you a window into your shipping activities and allows you to decide who picks up and delivers your LTL freight as well.

Be more productive with web-based tools that enable you to:

- Select from multiple LTL carriers
- Get reliable rate quotes instantly
- Schedule pick-ups effortlessly
- Track and trace shipments in real-time
- Gain instant access to all your shipment history

Choose from a strong carrier network that is comprehensive, yet simple to access.

RR Donnelley's DLS Worldwide provides visibility, accessibility and choice for exceptional LTL service.

Rely on our well-built network

DLS Worldwide's consistently large volume of freight and global footprint enable us to establish strong relationships with numerous LTL carriers. Those relationships enable us to provide attractive pricing and elevated service levels to you. ***Regardless of your LTL volume, when you work with DLS Worldwide you'll benefit from the scale of a large global shipper as well as personal local support.***

With multiple solutions, the power of choice results in savings.

Saving alternatives

Sharing truck space can reduce your transportation costs. If you don't need a full truck, why pay for one? Using LTL services also reduces road congestion, fuel consumption, and stress on the environment.

RR Donnelley is a SmartWay partner. We manage deliveries using best practices for fuel savings, minimizing idling, and reducing emissions.

The best choice

We have the flexibility to craft custom solutions for you. DLS Worldwide can analyze your freight and transportation needs; taking into consideration

weight, density, dimensions, and pallet count. The recommendation may be:

- LTL
- LTL volume
- Partial truckload
- Co-loading
